This just arrived in the inbox yesterday! We will try to have contact letters for you to sign at the next LCARA meeting.

We Have a Michigan PRB-1 Bill! HB # 5556

House Bill # 5556, the “Michigan Zoning Enabling Act,” was recently forwarded to House Committee. If passed, this Bill will help codify the aspects of PRB-1 into Michigan zoning laws.

The Bill also includes a “height clause” (i.e. if we stay below the specified height, local governments are not allowed to challenge us except in unusual circumstances, etc.). For more information and a link to the Bill, please take a moment to review the attached MI PRB-1 Project Status Report.

There is a snag, with a Senate version of the Bill. We may need your help getting this Bill sponsored in the Senate.

Now is the time to contact your Representatives to ask them to Co-Sponsor the Bill. Their contact information and a sample Contact Letter template can be found at <http://www.prb1michigan.org/index.htm>.
